Roger Sharpley MA FRICS

Miles Wade CBE

Martin Low CEng MICE

Grant Ashton

Officers of the Trust

Frank McDowell FMAAT

FJM Accountancy Limited

Peter Heath RIBA MRTPI

Atkins Global Limited

The St James's Conservation Trust was formed in 1998 as a result of concern for the unique fabric of St James's, which was seen as under threat from inappropriate development and pressure to increase licensing hours. Since then, it has worked closely with The Crown Estate, Westminster City Council and other relevant organisations.

St James's has the country's highest density of listed buildings and is one of the most interesting eclectic areas of London, still maintaining the 17th century street grid system. It is therefore crucial that any development is sympathetic to the area and this is monitored carefully by the Trust.

Area of Benefit of St James's Conservation Trust

Objectives of The Trust

- To promote high standards of planning and architecture in the area.
- To secure the preservation, protection, development and improvement of features of historic and public interest.
- To maintain the character and atmosphere of the area with its social fabric, independent shops, craftsmen and private members' clubs.
- To create awareness of the history and impressive architecture of St James's.

Support for The St James's Conservation Trust

Donations received by the Trust are devoted to meeting the costs of essential planning, licensing and legal advice, as well as studies and project initiatives. Without the generosity of its supporters, the Trust would be unable to continue its work. Gift aided donations are particularly welcome.

Online bank transfers should be made out to:

Bank:	Adam & Co plc
Account name:	St James's Conservation Trust
Sort code:	83-91-36
Account number:	14652800
